LIBRARY TRUSTEE'S REPORT

The Trustees of the Public Library present the following report for the year :

During the year 144 volumes have been added to the library, of these 21 volumes were given by the state, and 123 purchased by the trustees. They include 5 books of travel, 1 essays, 7 poems, 2 history, 7 science, 3 biography, 33 juvenile, 83 fiction, 3 miscellaneous. The circulation of books is steadily increasing, and most of the books are in good condition. The rural schools have been supplied with books each school term; also an assortment has been placed in the reading room of the Y. M. C. A., where they have been much appreciated.

It is becoming absolutely necessary that a more commodious room for the library be provided. Every available inch of shelf room is now in use, and many of the books are of necessity stacked on the floor, a condition of affairs that does not tend to preserve the books in the best condition, besides rendering the work of the librarians more difficult.

All heads of families and school teachers should cooperate with the health board and comply with the law

governing the reporting of contagious diseases of all kinds.

I find that the school houses are for the most part in fairly good sanitary condition. The attention of the school board has been called to one or two of them.

Yours very truly, H. E. SARGENT, Health Officer.

FIRE CHIEF'S REPORT.

To the citizens of the town of Brighton :

We have had two general alarms of fire the past year :
Sept. 21, North Stratford called for help. Hand engine and Co., went down. Fire was under control when they arrived.

Dec. 5. Alarm at 8.30 A. M. James Worth's house, used chemical. Cause, fire caught around stove pipe. Slight damage.

The equipment is in good condition, except a few lengths of hose that is worn so it leaks some. I think perhaps we shall want a little new this year.

Respectfully submitted,

H. E. RANDALL, Fire Chief.
